

The Fabric and Planning Team has been established to help Father Doyle look after at the “bricks and mortar” of the Church, the Church House and the Pastoral Centre. The maintenance of these buildings can be time consuming and the intention is that the Fabric & Planning Team can take some of the burden from Father Doyle.

The Team consists of:

Father Doyle

Gerry Martin

Danny Burns

Andy Jackson

Bobby Boyle

Frank King

Ciarán Rooney

Pat Morgan

Kevin Rooney

At the meeting held on 13/03/14 the Team elected Gerry Martin as Chair and Kevin Rooney as Secretary.

The main items discussed were around the present condition of the Church roof and its future requirements; it was felt prudent to have the roof surveyed professionally with a view to determining any future works and resultant costs which may be required.

The other issues under discussion were the new glass porch at the front of the Church

The use of the Church car park, by parents, as the designated School drop of point was discussed; concerns were raised over maintenance and liability issues which stem from this usage.

Lighting for the car park was also raised.

Other more minor topics were discussed and the full minutes of the meeting will be posted in due course.

It was also decided to invite a member of the Finance Team to meet with the Fabric & Planning Team to discuss the implications of the issues raised above.

It is envisaged that the general running of specific maintenance, annual contracts and any legislative requirements will be within the scope of the Fabric & Planning Team’s remit.
